PROFESSIONAL SUMMARY

Motivated Bachelor of Computer Applications (BCA) student with hands-on experience in software development, AI integration, and core programming. Skilled in C, Java, Python, SQL, and Flutter development, with demonstrated experience leading hackathon teams and building responsive, utility-focused application projects. Proven ability to combine technical problem solving with effective communication and leadership in collaborative team settings.

AREA OF EXPERTISE

- **Programming Languages:** C, Core Java, Python, JavaScript, SQL, Prolog
- **Web & Mobile Development:** Flutter, Node.js, HTML, CSS
- **Databases & Tools:** MySQL, PostgreSQL, Git, GitHub, VS Code
- **Soft Skills:** Communication Skills, Problem Solving Skills, Leadership
- **Core Concepts:** Data Structures & Algorithms, Operating Systems, Computer Networks, DBMS

CERTIFICATIONS

- **SQL (Basic) Certificate:** HackerRank (Issued Aug 2026)
- **Fundamentals of Computer Systems:** SWAYAM MHRD (Issued Feb 2026)
- **Artificial Intelligence Using Prolog:** SWAYAM MHRD (Issued Jan 2026)

FEATURED PROJECTS

My Sathi – Full-Stack AI Medical Companion

- Built a patient care application integrating on-device OCR scanners via Google ML Kit and Gemini 1.5 Flash parsing.
- Developed a Node.js proxy server to securely manage API requests and patient data interactions.
- Implemented local SQLite memory storage for context-aware health companion features and emergency medical alarms.
- **Tech Stack:** Flutter, Dart, Node.js, Gemini API, SQLite, Google ML Kit

College Management System – Web Application

- Designed and developed a responsive web-based platform to manage academic records, student profiles, and institutional operations.
- Built full-stack RESTful APIs using Node.js and Express to process database CRUD operations and handle administrative routes seamlessly.
- Structured an optimized SQL database layout for managing tables, executing relational queries, and maintaining data integrity across modules.

- **Tech Stack:** HTML, CSS, JavaScript, Node.js, SQL
-

EDUCATION

Bachelor of Computer Application (BCA)

Expected Graduation: Aug 2025 – June 2028

MIET Kumaon, Haldwani

Master Diploma in Computer Information & System Management

Jun 2024 – Aug 2025

Annex Computer Centre

(Om Sai Society of Information & Technology), Haldwani

Intermediate (12th Grade)

April 2024 – Mar 2025

Kendriya Vidyalaya Sangathan, Haldwani

High School (10th Grade)

April 2022 – Mar 2023

Kendriya Vidyalaya Sangathan, Haldwani

KEY ACHIEVEMENTS & EXTRACURRICULAR

- **HackIndia Spark 10 Hackathon (Team Leader):** Served as Team Leader for a 3-member team (Strawhats), directing overall project planning, architecture design, and technical presentation during the hackathon competition.
 - **NCC 'A' Certificate:** Earned the National Cadet Corps (NCC) 'A' Certificate, developing discipline, teamwork, leadership, and organization skills through structured cadet activities.
-
